

In the Future

The renovation of the antique shop is now complete and we are looking at other areas of the farm to improve. We intend to create a relaxing atmosphere that we hope our customers will enjoy and utilize. The Water Lilies and the area around the pond will be developed this year and we intend to establish a perennial garden to be enjoyed by all.

Future plans include improvements in the quality of antiques we sell, as well as, building a bed and breakfast showcasing the antiques. I hope that you will consider us when family and friends visit.

Most of all we hope our valuable customers will visit and enjoy our surroundings often, knowing that we appreciate your business

Our Vision

Welcome to our furniture gallery, we love antiques of all kinds and feel that antiques can enhance your current décor when used by themselves or in conjunction with contemporary furnishings. The artistry and craftsmanship exhibited in the carvings and lines of furniture, the detail in the painting of antique porcelains and art work and the allure of fine crystal cause the values of such pieces to increase while their contemporary counterparts decline.

Antiques are the ultimate green. Today it is essential to buy the best quality possible, limiting our abuse of resources, antiques last a lifetime, or several. Your investment can be enjoyed by your grandchildren and their children.

Come and spend a day at Ruff Acres, bring a picnic lunch to eat in the orchard or at the side of the pond. Better yet, reserve our suite with a deck view of the pond, listen to the bull frogs as you read your favorite book. No Ruff-N-It at Ruff Acres.
